BRIEF SUMMARY

My career objective as a fresher is to secure a position where I can utilize my skills and education to further develop my expertise in the field. I have a strong foundation in C++, front-end development, which I believe will be valuable in this role. I am excited about the opportunity to contribute to the organization and make a positive impact through my work. In the long term, I hope to continue growing and developing my skills within the company, while also contributing to its success and growth.
